# Fine quality

Colour with a sense of fine quality, and user-friendly shape

## Comfortable design makes your going-out enjoyable in every way

### Users feel comfortable

**Urethane foam** Comfortable ride with no punk tyre

No worry of air leak. Safe ride all the time.

**Seat with care on safety**

As no screw on surface, no direct contact with skin or clothes.

**The back support matches your body shape**

The backward bending shape of the upper part allows more space to shoulders and upper body and reduce forward slipping.

**Separate type of leg supports**

The footrests are separated to left and right for easily getting on and off the wheelchair and also make foot rowing easy.

**Wide front frame**

The front part of the frame is wide opened and more footspace for easy front transfer.

**Natural angle of the footrests**

The footrest angle is close to horizontal that allows you ride on the wheelchair with less strain on the ankles.

**Height of the footrests 3 levels of adjustment**  
 Adjustable distance of 35, 37, 39cm from the seat.

### Less strain on the attendant

**Light weight**

Due to light weight, less strain on loading and unloading the wheelchair.

Standard type (attendant-propelled)

**9.0kg**

Multifunctional type (attendant-propelled)

**9.8kg**

**Attendant brakes can be operated with little force.**

The brakes can be firmly pressed down with little force. Caliper brake (drum type) used.

### Commitment to high quality

**Comfortable champagne gold colour**

Comfortable champagne gold colour, light and strong frame with secure structure.
